Internship: 20 hour internship completed at a PA Department of Health Accredited Training Institute following successful completion of the EMS Instructor course.

Course Work: Students are expected to participate in small group activities throughout the course. Computer and Internet access will be available during the course. Each student will present at least a 10 minute presentation during the final course presentations. Final course presentations will be taught using a team teaching format. Final presentations will be 1.5 hours in length. Each student will turn in a written lesson plan and course materials used for their presentation.

A final written examination will assess a student's comprehension of educational concepts needed by an EMS Instructor. The written examination and the final oral presentation will account for the course final score.
