

We begin April 2022 with some EMS Updates that affect both EMS Agencies and EMS Providers.

EMS Agency Regulatory Exceptions Due To Expire

On March 30, 2022, Governor Wolf signed Act 14 of 2022 which extends the EMS regulatory exceptions granted through **June 30, 2022.**

BLS EMS agencies seeking staffing regulatory relief beyond June 30, 2022 should complete an application through **Act 17 of 2020.**

Additionally, EMS agencies that are using out-of-state providers regularly to staff their EMS agencies should encourage these providers to seek PA certification by the endorsement process. After June 30, 2022 these out-of-state EMS providers must be PA credentialed.
