FY 24-25 EMSOF Prehospital Provider Equipment Program EMMCO West Regional EMS Agencies

At the December 12, 2024 EMMCO West Board of Director's meeting, the board of directors approved a list of EMSOF equipment for FY 24-25. This equipment can be acquired through the prehospital provider equipment program. All PA licensed EMS agencies are eligible for this funding.

Priority #1 Cost associated with investigating a potential consolidation or merger of services. These costs include, but are not limited to, consulting fees, studies, legal fees and statistical analysis. (Up to \$5,000)

Priority #2 Development or improvement of an organizational risk management program (safety measures, hazard recognition or mitigation and organizational structure or support processes). The Department of Health must pre-approve any projects prior to receiving any funding. (Up to \$5,000)

Priority #3 Replacement of CO detectors. Licensed EMS agencies in the EMMCO West region have been provided CO detectors that are placed onto their first-in bags. These detectors have been proven to alert EMS providers to dangerous levels of CO gas within their treatment environments. CO detectors, this year, will be replaced on a 1-1, based on the number of licensed EMS agency vehicles or QRS containers.
